

Donaldson Coal is looking to appoint an Assistant Surveyor for its underground coal mining operations. Located just 20 minutes from Newcastle, Abel and Tasman Mines offer an exciting opportunity to be part of a dynamic and rewarding work environment.

The Assistant Surveyor will report to the Registered Mine Surveyor and will be responsible for providing surveys and associated plans for the underground coal mining operations.

Assistant Surveyor

Key Tasks:

- Carrying out surface & underground surveys
- Updating PC + AutoCAD databases
- Maintaining current survey information in line with legislative requirements

Essential Criteria:

- 2+ years working in a surveying role
- Degree or Diploma in Surveying (or currently studying towards one of these qualifications)
- Sound working knowledge of AutoCAD and Civil 3D
- Proficiency in Microsoft Office suite
- Excellent communication skills
- Strong teamwork, planning and organisational skills
- Demonstrated safety focus in the workplace

Surveying experience in underground coal mining would be highly regarded but is not essential for the position.

To apply for this position please visit Donaldson Coal's website www.doncoal.com.au and select 'Apply Now' for Assistant Surveyor. Complete the application form and attach your resume as well as a cover letter that addresses the essential criteria for the role.
